

REMARKS

Applicant is submitting this preliminary amendment prior to examination to add claims 12-15 to the application in order to more fully protect his invention.

It is submitted that claims 12-15 do not add any new matter to the application and indeed should provide protection for several important aspects of applicant's invention.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "William R. Moran", is written over a horizontal line.

William R. Moran
